WHY IT STANDS OUT

Unlimited simultaneous connections with one paid account and strong multi-device value.

WHAT TO WATCH

Month-to-month subscription is relatively expensive, and low advertised pricing needs a multi-year upfront commitment.

WISETECHLIST TAKE

The short verdict

Surfshark is worth considering when one person or household needs many simultaneous device connections. The long-term introductory deal can be appealing, but compare the initial total payment, renewal rate, and feature tier before buying.
