## KEY TAKEAWAYS

### Strength and limitation

#### KEY STRENGTH

Turns meetings into searchable transcripts, summaries, and actionable notes with integrations for common meeting platforms.

#### MAIN LIMITATION

Its value depends heavily on how often your team meets, and recording AI may not be appropriate for every conversation or privacy requirement.

## WISETECHLIST VERDICT

### Should you use Fireflies.ai?

Fireflies.ai is useful for teams that spend significant time in meetings and want less manual note-taking. It can create a searchable knowledge trail from calls, but teams should establish clear consent and privacy practices before recording sensitive conversations.

## USE CASES

### What can you use Fireflies.ai for?

- AI meeting notes
- Transcription
- Meeting summaries

- Action items
- Conversation search
- Meeting analytics

#### PROS AND CONS

## What to like and what to consider

#### WHAT WE LIKE

- Free plan available
- Automated transcripts and summaries
- Searchable meeting history
- Action items and AI features
- Integrates with common meeting platforms

#### WHAT TO CONSIDER

- Less useful for teams with few meetings
- Recording requires privacy and consent consideration
- Higher-level analytics require paid tiers

#### PRACTICAL FIT

## How Fireflies.ai fits a small business workflow

#### WHAT IT IS

Fireflies.ai is an AI meeting assistant that records, transcribes, summarizes, and organizes conversations from online meetings. It can capture action items, searchable transcripts, and discussion highlights so teams can review meetings without relying entirely on manual notes.

#### WHERE IT FITS

Fireflies.ai fits into a small business workflow when sales calls, client meetings, interviews, or internal discussions happen frequently. Teams can use it to create searchable meeting records, review decisions, capture follow-up tasks, and share notes with people who could not attend.

#### WHEN IT MAY NOT FIT

Fireflies.ai may not be the right fit if your team has few meetings, strict recording policies, or does not need searchable transcripts. Businesses should also make sure meeting participants understand and consent to recording where required.

#### DECISION GUIDE

## Who should choose it?

#### GOOD FIT

Choose Fireflies.ai if your team has frequent calls or meetings and spends too much time taking notes, writing summaries, or finding information from past conversations.

#### SKIP IF

Skip Fireflies.ai if your team rarely meets or your privacy requirements make automated meeting recording impractical.
