Software comparison report

A practical side-by-side comparison of pricing, free plans, strengths, limitations, and best-fit use cases. Data comes from the current WiseTechList tools database.

QUICK COMPARISON

At a glance

Compare	ClickUp	monday.com
Starting price	$7/user/mo billed annually	$9/seat/mo billed annually
Free plan	Yes	Yes
Free trial	No	Yes
Difficulty	Medium	Medium
Best for	Project and operations teams that want AI agents working inside tasks, documents, and cross-functional workflows rather than a separate chat tool.	Teams that want visual project and process management with customizable boards, dashboards, automations, and cross-team workflows.
Last checked	Nov 2026	Oct 2026

DECISION SNAPSHOT

What matters most

ClickUp

Strength: Rich project context linked to Brain, multi-model access, Super Agents, and agent workflows with approval points.

Watch out: AI features are tier- and usage-dependent; workflow complexity, permissions, and credit

monday.com

Strength: Flexible visual boards and dashboards make it easy to model many different business processes without code.

Watch out: Pricing and seat structure can become expensive for small teams, especially when advanced
