Best for	Google-centric teams that need research, multimodal content, connected Workspace work, and optionally advanced autonomous tasks through Gemini Spark.	Researchers and business users who want source-driven answers plus optional delegated multi-step research, software-building, and operational workflows.
Last checked	Nov 2026	Nov 2026

DECISION SNAPSHOT

What matters most

Gemini

Strength: Google ecosystem integration with Deep Research, multimodal creation, connected app context, and Gemini Spark for eligible users.

Watch out: Gemini Spark and advanced media or agent capabilities are restricted by geography, device,

Perplexity

Strength: Cited AI search and deep research combined with Computer's multi-model agent orchestration, connected tools, and finished work products.

Watch out: Source citations can still mislead, while Computer availability and usage credits depend on
