DECISION SNAPSHOT

What matters most

Ideogram

Strength: Typography-oriented visual generation and Ideogram 4.0 open-weight model availability for more configurable developer deployments.

Watch out: Open-weight access is not the same as unrestricted open source; commercial licensing and

Midjourney

Strength: High-quality aesthetic exploration, personalization, moodboards, and V8.2 instruction-based image editing with reference control.

Watch out: Text-heavy exact-brand layouts can still need design software, and subscriptions, privacy
