DECISION SNAPSHOT

What matters most

Notion

Strength: Workspace knowledge and databases connected to Notion Agents, enterprise search, AI meeting notes, file creation, and selected computer/browser tasks.

Watch out: Notion Agent capabilities and credits depend on subscription; long-running tasks still

ClickUp

Strength: Rich project context linked to Brain, multi-model access, Super Agents, and agent workflows with approval points.

Watch out: AI features are tier- and usage-dependent; workflow complexity, permissions, and credit
